# International Risk Management Plan for University Sponsored Student Travel

**NOTE:** The purpose of this International Risk Management Plan is to ensure that the traveler is fully aware of the nature of the risks and potential impact(s) associated with their journey, equip them with strategies to mitigate these risks effectively, and provide essential contact details for emergency situations. Your safety and well-being are of utmost importance to us, especially when you embark on educational or research trips to different destinations.

Note, this is **your plan**, so you need to make it relevant to **your trip**. Please complete the Risk Management Plan carefully and make sure that you understand the contents before commencing your travel.

Should you have any questions, please contact Northwestern Qatar HSSE hsse@gatar.northwestern.edu

#### **Risk Impact Rating & Required Actions**

Low	Moderate	High
Unlikely to require specific application of resources; manage by routine procedures. Monitor and review.	Unlikely to seriously impact a student's participation or threaten the efficiency or effectiveness of the program. Manage by specific monitoring or response procedures. Protocols, staffing solutions, and training plans to be developed and implemented by a concerted effort between students, administrators, program staff, etc.	Likely to seriously impact students and cause serious damage, disruption, and diversion of management attention for an extended length of time. Senior management attention/cooperation of NU offices needed, and management responsibility specified.

Note that not all risks are applicable to all locations. In such cases tick 'N/A' Below is a list of potential risks you may need to consider before your trip. You should rate each risk as Not/Applicable, Low, Medium, or High. You can find additional information on this in the Global Rescue GRID Application under 'Destination Report'. You should record how you will mitigate each of these risks. Please refer to the examples below and answer based on <b>your own destination, activities, and risk.</b> List your emergency contacts, insurance company contact, research the nearest medical facilities, and your embassy / consulate. Finally, if you are impacted by any of these risks, what will be your response or action? If you have any questions, please contact <u>hsse@qatar.northwestern.edu</u>			
Description of Risk as Applicable	Please rate the Severity of Risk	Record How You Will Mitigate Risk	Record your Response Plans If impacted By This Risk
Health Risks Example: When travelling to the listed destination, routine vaccines for preventable diseases, such as (MMR) measles/mumps/rubella diphtheria/pertussis/tetanus (DPT) vaccine, chickenpox (or varicella), poliovirus vaccine, etc. are recommended for all travelers.	□ N/A □ Low □ Moderate □ High	<b>Example:</b> I will ensure I am up to date on routine vaccines before this trip.	<b>Example:</b> If I get sick, I will go to the nearest pharmacy, go to my apartment, and take my medication. I will inform my advisor at my placement / NU-Q. I can contact Global rescue for medical advice.
Crime Risk Example: At my destination, petty theft and pickpocketing are common and tend to be opportunistic in nature in public and touristic areas. Gun-related violence, mugging and robbery cases have risen over recent years.	□ N/A □ Low □ Moderate □ High	<b>Example:</b> I will make sure to not go out late at night. I will avoid overt displays of wealth and carry handbags on the opposite side from passing traffic to reduce the risk of thieves on motorcycles trying to snatch them.	<b>Example:</b> I will make sure to avoid trying to cause violence. I will not respond if being harassed.
